SUBJECT:

Office Door Sign

STAT

I would like to request a new sign for the door of the History Staff office. We already have a black frame mounted on the wall, it measures $8\frac{1}{2} \times 6\frac{1}{2}$, this is probably the standard door sign frame. We would like the sign to read 316 with DCI History Staff as the second line. We would also like a sign of some sorts that we could put on the bulletin board in the hallway indicating DCI History Staff - 316 with an arrow indicating a right turn. Many thanks.
